avoiding under insurance

# Contents Inventory

Setting your contents sum insured can be a complex task. This inventory will help in this process and we are able to provide expert advice and guidance. This will help to ensure your policy cover is arranged correctly and operates properly in the event of a claim, a time when insurers tend to be unsympathetic to errors or omissions.

Carrying out a review of all your possessions using the Contents Inventory, is a simple way to make sure that you have the correct amount of insurance in place.
